Hiring Manager

Shore360, Inc.

Clark Freeport Zone, Pampanga

Dear Ms. Gundran,

I am writing to apply for an On-the-Job Training (OJT) / Internship in Web Development at Shore360, Inc. I am currently a third-year Bachelor of Science in Information Technology student majoring in Web Development, with an interest in front-end development and basic UI/UX design.

I have gained hands-on experience creating responsive websites and web applications using HTML, CSS, JavaScript, WordPress, and Figma through academic and personal projects, including informational websites and a basic full-stack coffee shop web application. These experiences helped me build a strong foundation in layout design, responsiveness, and user-centered interfaces.

I am interested in Shore360 because of its reputation as an Australian-owned offshore services company that delivers professional digital and IT solutions to global clients. I am eager to learn, adaptable, and motivated to further develop my skills in a professional environment.

Thank you for your time and consideration. I would welcome the opportunity to contribute and learn as an OJT trainee.

Sincerely,

A handwritten signature in black ink, appearing to be 'Adrian', written over a light blue horizontal line.
